Introduction

Easor financial management software is designed to meet the financial management needs of companies of all sizes with clear pricing models and flexible features.

This price list includes the tools and services offered by the software, as well as pricing, terms and conditions, and customer responsibilities when using the service. The price list provides a comprehensive overview of the software, helping customer companies to utilise its features effectively and according to their specific business needs.

Easor reserves the right to modify the contents of this price list.

Price list valid for new Easor customers from 1 June 2026 onwards.

Our Easor financial management software is mainly priced on a fixed basis. A competitive fixed price requires that we have defined the content of the service and identified any additional work that is not included in the fixed price.
